- Flight Dispatcher
- Air Traffic Manager/Controller
- Accident/Incident Investigator
- CWSU/FSS/AAWU Personnel
- Scientist/Researcher
- Weather COI (Community of Interest) Member
- Web Service User/Software Developer
- Amateur/Hobbyist
- Other (please specify)

**2) How do you typically use the site?**

(How often? What is your goal? What pages do you view? Which information do you retrieve? Do you always do the same thing? etc.)

**3) How satisfied are you with the site?**

(What is your overall impression? How easy is it to use? Is it responsive to your needs? How does it compare with other sites?)

**4) Does the site provide the information you need?**

(Which products are important and which are missing? Which features are most useful and which are lacking? How hard is it to get what you need?)

**5) What could we do to improve the site?**

(workflow/navigation, presentation/look, new products/features, community involvement, help/tutorials, mobile support, etc.)

**6) What should appear on the home page?**

**7) Do you have any other feedback or suggestions?**
